

2023-2024 Welcome to the Service Unit Orientation

We are thrilled that you have decided to partner with the best leadership development organization for girls – Girl Scouts! – by serving as a Troop Leader or Troop Admin! The safe, nurturing, girl-led environment that you will create with your troop and parent/caregiver volunteers will have a lasting impact on the Girl Scouts you serve.

The information in this packet will help you navigate your new role. As a leader, you are helping girls become their best selves through a rich Girl Scout experience that allows them to discover their potential, connect with others with similar interests, and engage in Take Action Projects that reflect their potential to make a difference in their communities and the world.

Girl Scouts is designed to be girl-led. With your support and guidance, girls will take the lead in determining what they want to do as a troop—what badges and journeys they want to earn, details about their camping trips, what they want to do with their hard-earned cookie money and a host of other activities and adventures. Along the way you can encourage them to take smart risks and think creatively when they are presented with challenges. When girls have the chance to make decisions, they learn collaboration, teamwork, and how to advocate for their ideas. As a leader, this is one of the most important aspects of Girl Scouts that you can cultivate.

At Girl Scouts of North East Ohio (GSNEO), over 18,000 girls are served every year by more than 9,000 volunteers, throughout 18 counties. You are a special part of our Girl Scout family, and we welcome you!

Girl Scout Mission

Girl Scouting builds girls of courage, confidence, and character, who make the world a better place.

Girl Scout Promise

On my honor, I will try:
To serve God* and my country,
To help people at all times,
And to live by the Girl Scout Law.

Girl Scout Law

I will do my best to be
honest and fair,
friendly and helpful,
considerate and caring,
courageous and strong,
and responsible for what I say and do,
and to respect myself and others,
respect authority,
use resources wisely,
make the world a better place,
and be a sister to every Girl Scout.

What is a Service Unit?

A service unit (SU) is a community of troops in a geographical area that are led by a team of dedicated volunteers. The service unit team (SUT) promotes Girl Scouting and oversees activities within their community. The SUT works in partnership with the Volunteer Support & Services Department staff at GSNEO to support and grow membership in your area. The team promotes opportunities for new members to join, helps new members get started, and supports local members and families throughout their Girl Scout experience. If you need assistance, your first point of contact is the service unit team.

What do Service Units do?

Service units work together in their communities to provide support to troop volunteers, share ideas and resources, receive and facilitate training, and shares important announcements. Service units organize events like community-wide service projects, summer day camps, overnights, celebrations, ceremonies, and so much more!

Service Unit Meetings

Many service units hold local volunteer meetings that are a great place for all volunteers to find support. Volunteer meetings are important resources because they offer:

- Support from other leaders who may be experiencing the same challenges.
- Information on events and activities that are taking place locally and around the council.
- Round table discussions and mini trainings from local volunteers on a variety of topics.
- Collaboration between leaders to make service unit events and activities spectacular.
- Camaraderie shared with others involved first-hand in Girl Scouting.

Your troop is responsible for having a representative present at each meeting, preferably a Troop Leader or Troop Admin, but other volunteers from your troop are always welcome to attend. Consider the SU meeting schedule when setting up troop meetings at the beginning of the year, so they do not overlap.

**If your SU does not have a Service Unit Director, you may not have a local meeting every month.*

Meet your Service Unit Team (SUT) & GSNEO Staff

Each SUT is supported by a Community Support Coordinator, a Community Support Specialist, and includes several experienced volunteers who specialize in a specific area of support for leaders. Sizes of SUT's may vary but are compiled of individuals who support leaders within a specific geographical area. The most commonly filled SUT roles are outlined below, but your team may have other SUT volunteers in roles such as Juliette Coordinator, Community Liaison, GSLE Coach, Startup Troop Coach, and Delegate.

Adult Training Incentive for Newly Formed Troops

Newly formed troops will receive \$20 in adult training codes to be used for additional GSNEO adult development/trainings once they have successfully opened a [troop bank account](#), have submitted the bank account numbers to the GSNEO finance department, and have a minimum of five registered Girl Scout members.

Troop Banking & Finances

Your Girl Scout troop should plan and finance its own activities, and you will coach your girls as they earn and manage troop funds. Troop activities are powered by proceeds earned through council-sponsored product program activities (such as the Girl Scout Cookie Program), group money-earning activities (council approved, of course!), and any dues your troop may charge.

Newly Forming Troop: Steps to Setting Up Your Troop Bank Account

Go to: www.gsneo.org and search: Troop Bank Accounts

It is important that all new troops open a bank account as soon as possible. Follow the steps as outlined below once you are ready to open your troop bank account.

① With your troop/group, the first step is to go to/call the bank branch where you wish to open a free business checking account for your troop.

We recommend that troops open accounts at the following banks, which have proven they work well with Girl Scout troops. (Troops may not open accounts at PNC or Chase Banks)

- Huntington
- KeyBank
- Fifth Third Bank

Get the name and email address of the banker with whom you spoke.

② [Complete the "Open New Bank Account" form](#)

Bank account signers must be authorized by GSNEO to handle finances and be active in one of the following roles: Troop Leader, Troop Admin, Treasurer, Product Sales Manager, or Service Unit Team position.

Once all volunteer roles and background checks are finalized, GSNEO emails the banker a letter authorizing the troop to open a business checking account using the EIN (Employer Identification Number) of GSNEO and includes a W-9 and corporate resolution. You will receive a copy of the authorization letter sent to the bank. Schedule an appointment with the banker to open the GSNEO troop/group/service unit bank account.

③ With authorization letter in hand, return to your banker and fill out signature cards and get your free starter checks (if available) and documentation of your routing and account number.

④ Submit your new bank account numbers to GSNEO using the online "[Submit New Bank Account Numbers](#)" form and complete the [Bank Account Signer Agreement](#) form.

Established Troops with New Leadership: Remember that if you leave the troop or are taking over a troop bank account that is already established you must complete the "[Request to Change Bank Account Signers](#)" online form prior to changing the signatures at the bank. You will also be

asked to provide a copy of the new bank signatures card and complete the [Bank Account Signer Agreement](#) form

Additional Troop Finance Information

Newly Formed Troop Loan

Go to www.gsneo.org and search: *How Your Troop Earns Money*

- To get your troop up and running, GSNEO is offering your newly formed troop a \$50 to \$300 start-up loan. Loan requests will be processed once you submit the account numbers of the newly opened troop bank account. The loan will be distributed to your troop bank account electronically. By applying for the loan, the troop agrees to participate in the next Magazine & Snack Program or Girl Scout Cookie Program, to have the loan balance automatically repaid from the product sale proceeds, and to only apply once for this loan.

Money Earning Activities

Go to www.gsneo.org and search: *How Your Troop Earns Money*

- Money Earning Activities refers to activities organized by the troop (not by the council) that are planned and carried out by Girl Scouts (in partnership with volunteers) and that earn money for the group. GSNEO policies require that the troop must participate in both council-sponsored programs before applying for additional money earning activities. Approval of the money earning application must be received before holding the event. (See [Volunteer Essentials](#) for full policy)

Troop Annual Financial Reporting and Additional Resources
